II. Frame Conditions

II. Frame conditions

The subsequent code of conduct reflects the expectations for sustainability of the Huf Group and offers a frame of action to the employees with which economical, legal and moral challenges of everyday business matters can be met in a responsible manner and can be dealt with correctly.

Huf Code of Conduct for Employees

The Huf code of conduct cannot and should not provide detailed instructions for actions for all kinds of situations. It rather sets frame conditions, which can be firm ed up by internal company agreements and instructions. Existing collective contracts, guidelines and company agreements are valid without limitations in conjunction with the code of conduct. In order to consider local specifics, complementary regulations can be defined, which however must not be contradictory to this code of conduct. If there are local habits, legal regulations or further rules, which differ from the provisions in this code of conduct, the stricter provisions apply.

Frame Conditions

The principles of the code of conduct are globally binding for all companies, managing bodies, operations and employees of the Huf Group and they shall set a consistent corporate minimum standard.

4. Confidentiality and data protection

A transparent communication within the frame of business-related confidentiality is maintained. Company and business secrets are to be observed and all applicable laws concerning data protection are to be upheld.

Confidential information as well as confidential documents must not be forwarded to third parties without consent nor is it allowed to store these on unencrypted data storage equipment or to forward these to private email-accounts, etc. or to make these public in any shape or form, unless an explicit authorization to do so has been granted. Confidential information shall only be revealed externally, when to do so becomes mandatory due to legal requirements or when necessitated by an order from a court of law or entities of the government. The commitment for secrecy continues, even after the contract with the Huf Group will be concluded.

At the Huf Group, any personal data relating to employees or third parties are only collected, processed and/or used when the individuals have consented to this or where there is a legal basis for this.

5. Handling of property of the company

The assets of the Huf Group have to be handled sensibly, appropriate and with care.
