

We are a leading developer and manufacturer of mechanical and electronic locking systems as well as car access and authorization systems for the global automotive industry. Founded in 1908 in Velbert, Germany, we are an independent, family-owned company with around 7,300 employees at locations in Europe, America and Asia and achieved sales of more than EUR 1 billion in the financial year 2022.

Technical Project Lead – Capacitive Sensors

Overview: The Technical Project Lead manages all engineering activities for application projects of automotive electronic control systems.

Key Activities

- ▶ Technical lead for development and application projects of automotive sensor systems, mainly German customers
- ▶ Coordination of development teams (Hardware / Software / System / Mechanics)
- ▶ Technical interface to customer, suppliers, and internal departments (Project Management, Purchasing, Sales, Production, Quality)
- ▶ Keep track of engineering project timing and budget
- ▶ Support Sales team for new customer acquisitions
- ▶ Support system integration and product tests on-site at our customer development locations (system parameterization, vehicle tests)
- ▶ Track, handle, and report open items and prioritize key activities

Desired Profile

- ▶ University or comparable degree (Electronics, Mechatronics, Computer Science)
- ▶ Well-rounded technical understanding of systems (Mechanics / Hardware / Software)
- ▶ Experience in development of electronic control systems
- ▶ Experience in coordination of projects
- ▶ Team player with an open-minded attitude
- ▶ Strong English language skills, German would be beneficial

- ▶ Availability to travel

Benefits

- ▶ Induction and training programs that provide you with all the knowledge to excel at the workplace
- ▶ Young, professional, and dynamic team
- ▶ Competitive salary and flexible benefits (sports, wellness, transport, holiday reward etc.)
- ▶ Health and well-being (medical care, fruits day, lunch vouchers etc.)
- ▶ Professional development both technical and managerial
- ▶ Increased work-life balance (flexible working hours and mobile work, extra vacation days)
- ▶ Special fidelity package
- ▶ Modern and central working facilities (contemporary offices, relaxing and entertainment areas).
