

We are a leading developer and manufacturer of mechanical and electronic locking systems as well as car access and authorization systems for the global automotive industry. Founded in 1908 in Velbert, Germany, we are an independent, family-owned company with around 7,300 employees at locations in Europe, America and Asia and achieved sales of more than EUR 1 billion in the financial year 2022.

Component Management Engineer

Overview: In that role you are responsible for the selection and release of electronic standard components that are used within all mechatronic Huf-products.

Key Activities

- ▶ Definition and coordination of the Electronic Standard Component Management within the Huf Group
- ▶ Selection and release of electronic standard components providers (incl. second source) to be used with respect to technical data/parameters, norms, regulations
- ▶ Close cooperation with product engineering regarding the usage of electronic components as well as supporting and checking of the relevant departments regarding the selection
- ▶ Support on Risk Management: Investigation and rating of Product Change Notification (PCN), Product Discontinued Notification (PDN) and Norm as well as Standard changes
- ▶ Defining guidelines and improve process for electronic component data base
- ▶ Permanent observation of the electronic provider market
- ▶ Support on trainings for the relevant departments regarding the usage and operation of electronic-standard-component-management system.

Desired Profile

- ▶ University Degree (i.e. Electrical engineer) or similar qualification
- ▶ Several years of professional experience in a similar position or with a similar background
- ▶ Several years of professional experience in automotive requirements, regulations, norms and standards (e.g. AECQ; ASIL, RoHS, IPC) as well as a broad overview of electronic components and providers;

- ▶ Experience in PDM and ERP Systems (i.e. Silicon Expert technologies, SAP, IFS, BAAN)
- ▶ Team player with an open-minded attitude
- ▶ Strong communicator both written and verbal in English and native language
- ▶ Self-efficient and organized in prioritizing tasks and projects.

Benefits

- ▶ Induction and training programs that provide you with all of the knowledge to excel at the workplace
- ▶ Young, professional, and dynamic team
- ▶ Competitive salary and flexible benefits (sports, wellness, transport, holiday reward etc.)
- ▶ Health and well-being (medical care, fruits day, lunch vouchers etc.)
- ▶ Professional development both technical and managerial
- ▶ Increased work-life balance (flexible working hours and mobile work, extra vacation days)
- ▶ Special fidelity package
- ▶ Modern and central working facilities (contemporary offices, relaxing and entertainment areas).
